REFERENCE MATERIALS PRODUCER

Valid To: November 30, 2022

Certificate Number: 4951.01

In recognition of the successful completion of the A2LA evaluation process, accreditation is granted to this Reference Material Producer for the production of certified reference materials of the following categories:

Certified Reference Material/ Artifact or Matrix	Concentration Ranges¹	Measurement Technique(s)
Multi Element PGM in Ores, Concentrates and Tails	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy
Multi Element Gold Uranium in Ores, Concentrates and Tails	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy
Multi Element Gold in Ores, Concentrates and Tails, Specific Gravity, LOI	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy
Multi Element Uranium in Ores, Concentrates and Tails, Specific Gravity, LOI	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy

Certified Reference Material/ Artifact or Matrix	Concentration Ranges¹	Measurement Technique(s)
Multi Element Base Metals (Cu, Pb, Zn, Fe, Ni, Li) in Ores, Concentrates and Tails, Specific Gravity, LOI	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy
Multi Element Ferrous, Specific Gravity, LOI	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy
Industrial Ore (Limestone, Dolomite, Magnesite), concentrates and tails, Specific Gravity, LOI	Low Grade Medium Grade High Grade	Measurement by a network of qualified laboratories using a variety of methods of demonstrable accuracy

¹ Uncertainties for the certified values are available on Reference Material Producer's issued certificates for certified reference materials.

Accredited Reference Material Producer

A2LA has accredited

AFRICAN MINERAL STANDARDS

Johannesburg, SOUTH AFRICA

This accreditation covers the specific materials listed on the agreed upon Scope of Accreditation.

This producer meets the requirements of ISO 17034:2016 *General Requirements for the Competence of Reference Material Producers*. This accreditation demonstrates technical competence for a defined scope and the operation of a quality management system.

Presented this 28th day of December 2020.

A blue ink signature of the Vice President, Accreditation Services, written over a horizontal line.
